SPACEFLIGHT

SpaceX from Falcon 1 to crew flight

NASA-hosted records trace a launch to orbit, a cargo demonstration and a crewed test flight.

SEP 2008

Falcon 1 reaches orbit

NASA's mission press kit records that Falcon 1 reached orbit.

NASA mission press kit

MAY 2012

Dragon reaches the station

An uncrewed Dragon demonstration reached the International Space Station, delivered cargo and returned to Earth.

NASA mission press kit

30 MAY 2020

Crew Dragon launches

NASA astronauts Robert Behnken and Douglas Hurley launched on the Demo-2 test mission to the space station.

NASA launch announcement

Reading the record

The dates mark different milestones. The 2012 demonstration carried cargo. The 2020 test flight carried astronauts.
